PROFESSIONAL SUMMARY

Full-Stack Developer with hands-on experience building scalable web applications using React, TypeScript, Node.js, and PostgreSQL. Expertise in system architecture, RESTful APIs, and Agile methodologies (Scrum/Kanban) using Jira, Confluence, Bitbucket, and Sourcetree. Technical reference for development team, with strong skills in code review, technical support, and complex problem-solving. Oracle Cloud certified with experience in CI/CD, Docker, and Git version control.

PROFESSIONAL EXPERIENCE

Manto Sistemas
Apr 2026 – Present

Software Developer N2

- **Develop** scalable web applications using TypeScript, JavaScript, React, and Node.js, following Agile methodologies (Scrum).
- **Work** across the entire Manto ecosystem: B2B Platform, Litos BI, CRM, Litos Messages, and Litos ERP, serving as technical reference and support for other developers.
- **Implement** RESTful API integrations and third-party services, as well as performance and architectural improvements.
- **Participate** in refactoring Litos ERP from embedded software to web version, collaborating in sprints.

Manto Sistemas
Jun 2025 – Mar 2026

Software Developer N1

- **Developed** scalable web applications using TypeScript, JavaScript, React, and Node.js, following Agile methodologies (Scrum).
- **Implemented** RESTful API integrations and third-party services, enhancing ecosystem functionalities.
- **Participated** in refactoring Litos ERP from embedded software to web version, modernizing the tech stack.
- **Collaborated** in development sprints using Git, GitLab, and CI/CD practices.

UEG
Jan 2025 – Dec 2025

Project Manager & Full Stack Developer (Extension Project)

- **Led** development team for PatrimônioUEG, a university asset management system.
- **Managed** full project lifecycle using Jira, Confluence, and Bitbucket (Scrum/Agile methodology).
- **Architected** RESTful API with JWT authentication, analytics dashboard, and batch data import.
- **Tech Stack:** React, TypeScript, Node.js, Express, TypeORM, PostgreSQL, and Docker.

SAS / Rede Store
Feb 2014 – Jun 2025

IT Manager / Support Analyst

- **Administered** ERP system ensuring data integrity and operational continuity (+11 years).
- **Managed** IT infrastructure: servers, networks, POS terminals, peripherals, and commercial automation systems.
- **Implemented** data loading processes, equipment configuration, and routine automation.
- **Provided** N1/N2 technical support, hardware/software troubleshooting, and user training.

Freelancer
2021 – 2023

Front-End Web Developer

- **Developed** responsive landing pages and institutional websites using HTML5, CSS3, JavaScript, and React.
- **Automated** deployment processes and continuous integration (CI/CD) for client projects.
- **Applied** SEO techniques, performance optimization, and UX/UI design principles.

EDUCATION

Bachelor's in Information Systems, State University of Goiás
January 2021 – Present (8th Semester)

Technical Degree in IT Maintenance and Support, SESI-SENAI
2012 – 2014
